A FACTORY CREATED IN 1965

“Altınsoy Marble Factory”

Haşim Altınsoy who is one of our founders began to work in marble sector as a family job in 1930 by repairing the ancient works and marble mastery and continued it after he moved to Bursa in 1940. In Bursa he established the first marble workshop in 1950 so he continued his improvement in marble sector by using machinery after the hand mastery. So, he served in construction sector and for ancient works in Bursa for years. He also established the first marble quarry in 1961 and established the marble factory, it was his sign as a priority in this sector.
